

# National Corporate Banking

Regions has a team of specialists to coordinate and deliver commercial and investment banking solutions for national clients.

## One point of contact

National Corporate Banking acts as the primary relationship manager for corporate clients headquartered outside the bank's footprint. As such, you work with one person who regularly travels to your location and learns about you and your business.

## Full-service financial provider

National Corporate Banking works in partnership with Regions specialists to provide comprehensive financial solutions encompassing the full breadth of affiliate capabilities. Resources utilized by National Corporate Banking include:

### Regions Bank

Draw upon a full range of retail and commercial services only available to one of the nation's 10 largest banks with 2,000 branches in 16 states.

### Morgan Keegan

Receive equity and fixed income investment banking, brokerage and asset management services from Regions' investment affiliate, Morgan Keegan.

### Regions Insurance

Obtain multiline insurance including personal, commercial and employee benefit programs from Regions Insurance.

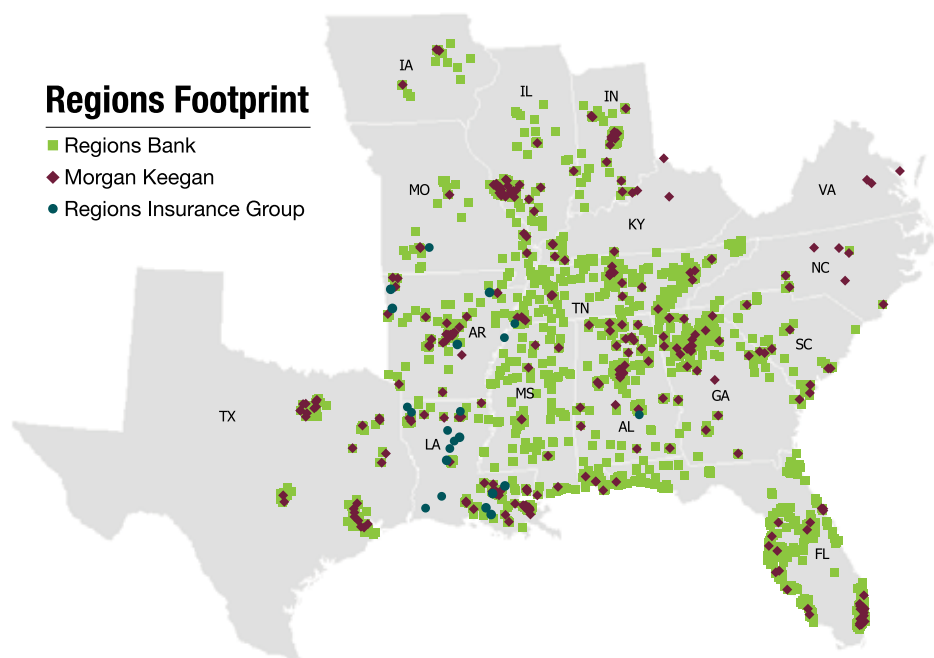

In addition to the coordination and delivery of all commercial banking, investment banking and insurance services, National Corporate Banking offers specialty services to assist national and international corporations.

#### CENTRALIZED SERVICE FOR MULTISITE DEPOSITORS

Control money movement and reporting through one headquarters location while allowing managers to make deposits across multiple states through Regions centralized platform. Use this same centralized account to perform other services including on-line reporting, check imaging, account reconciliation, wire posting, remote deposit and virtual vault.

#### BANKING SOLUTIONS FOR FOREIGN FIRMS

Utilize a package of services specifically designed for foreign firms operating, expanding or establishing U.S. subsidiaries. Our commitment to service includes regular overseas travel to meet with clients and prospects, in addition to drawing upon an extensive network of correspondent banking partners.
