

With Regions LockItSM, choose the control you want to block transactions on your personal Credit Cards, CheckCards, Now Prepaid Cards and ATM cards.

Types of Transactions	All Transactions Control	ATM Transactions Control	In-Store Purchases Control	Online Purchases Control
In-store purchases	Blocked		Blocked	
Online/ mail order / phone order purchases	Blocked			Blocked
All other purchases	Blocked			
Call Center transfers	Blocked			
ATM cash withdrawals	Blocked	Blocked		
ATM transfers to deposit accounts	Blocked	Blocked		
Non-recurring transactions	Blocked			
Credit card cash advances from an ATM, Regions branch, or another Visa bank	Blocked	Blocked at ATM only		
Credit card cash advances using Access Checks	Blocked			

- Although LockIt should become effective instantly when you lock a control, LockIt will not block transactions processed when standard authorization systems are not used.
- LockIt will not block recurring transactions, credits to your account, or (if your credit card provides overdraft protection to your checking account) overdraft protection advances.
