Shaun Collings shares his passion for budgeting and understanding where his finances stand. Knowing where he and his family financially stand and sharing his philosophy of understanding "money in vs. money out," is why he is committed to his role as a Financial Wellness Relationship Manager with Regions Bank. Most people want to save money but have no idea what they are spending their money on. Shaun has made it one of his missions to share his passion and educate others on the power of budgeting, and how important it is for financial health.
