Interest Rates and Annual Percentage Yields (APYs) are set by Regions and are subject to change daily. You are paid the interest rate and APY corresponding to the collected balance in your account each day. For tiered rate accounts, the interest rate and APY vary, depending on the balance tiers shown. Interest earned on checking, savings and money market accounts is compounded daily and paid monthly. If you close your account before interest is credited, you will not receive the accrued interest.

Relationship Interest Rates for Time Deposits and Certificates of Deposit

If you are a Regions checking customer, you may qualify to earn a special relationship interest rate on certain time deposit accounts ("Time Deposits") and certificates of deposit ("Certificates"). The requirements for a relationship interest rate (the "Relationship Requirements") are as follows: (i) the Time Deposit/Certificate must have a term or renewal term, as applicable, of at least 32 days, (ii) the primary or secondary owner on the Time Deposit/Certificate must be the primary or secondary owner on a Regions personal checking account in good standing and (iii) the checking account must be and remain open during the entire Time Deposit/Certificate term or renewal term, as applicable. Please note that IRA Time Deposits and Certificates, deposits by public entities, brokered deposits, and deposits by financial institutions are not eligible for relationship interest rates.

Applicable relationship interest rates and standard interest rates (together with corresponding annual percentage yields (APYs)) will be stated in other disclosures related to the Time Deposit or Certificate. Relationship interest rates and standard interest rates are set from time to time by Regions management and are subject to change.

Regions may discontinue or change the requirements for relationship interest rate programs at any time, and subject to notification requirements imposed by applicable law or regulation, Regions has no obligation to continue a relationship interest rate program for any Time Deposit or Certificate renewal term.

If you should fail to meet any Relationship Requirement at any time during the Time Deposit/Certificate term or renewal term, as applicable, Regions may reset the interest rate for the Time Deposit/Certificate to the standard Regions interest rate for Time Deposits/Certificates that was in effect at the time the Time Deposit/Certificate account was opened or renewed, as applicable. You will be notified if this occurs. Any such interest rate reset will take effect no earlier than the day following the day on which Regions determines that you have failed to meet any Relationship Requirement, and the standard interest rate will apply for the remainder of the Time Deposit/Certificate term or renewal term, as applicable.

Deposit Account Balance Calculation for Monthly Fee Waivers.

Average Monthly Balance: For the LifeGreen Preferred Checking account, we divide the sum of the **opening** posted balances for each day in the statement period by the number of days in the statement period. For all other accounts, we divide the sum of the **ending** posted balances for each day in the statement period by the number of days in the statement period. Please note that your account statement only shows ending posted balances and an average balance reflected by those ending posted balances. If your account is a LifeGreen Preferred Checking account, the average balance shown on the account statement is not used for purposes of the monthly fee waiver. The ending balance for any day is the opening balance for the next day.

Minimum Daily Balance: For the Platinum Relationship Money Market account, the minimum daily balance is the **opening** posted balance that must be maintained in the account each day of the statement period. For all other savings and money market accounts, the minimum daily balance is the **ending** posted balance that must be maintained in the account each day of the statement period. Please note that your account statement only shows ending posted balances. If your account is a Platinum Relationship Money Market account, the ending daily balances shown on the account statement are not used to determine whether the minimum daily balance requirement has been met for those days. The ending balance for any day is the opening balance for the next day.

Overdraft Protection

Overdraft Protection allows you to link your Regions checking account to an eligible Regions savings account, money market account, credit line, or credit card account. If you choose to enroll in Overdraft Protection, we may use the amount available for Overdraft Protection in the funding account to authorize and pay debit card and ATM transactions on the checking account that otherwise might be declined or cause an overdraft on the checking account. We also may use this available balance in the linked funding account to pay check and ACH items on the checking account that would otherwise be paid into overdraft or returned for a fee. If one or more transactions would overdraw the checking account, we will automatically transfer money to your checking account from your linked funding account, as provided in the Regions Deposit Agreement.

We generally transfer amounts from the designated funding account to the checking account in increments of \$100. If the available balance of the funding account is less than \$100, or the available balance of the funding account is less than the \$100 increment that otherwise would be transferred to cover the amount of the overdraft, we will transfer the full amount of the available balance of the funding account to the checking account. If the checking account still has an insufficient available balance to pay an overdraft item even after we advance available funds from the funding account, we may return the item or pay it into overdraft. On each day when funds are transferred, your checking account will be charged a transfer fee, which varies based on checking account type (as shown below):

- No Transfer fee for Regions Wealth Account
- \$10 (per day) Transfer Fee for LifeGreen Preferred Checking accounts
- \$12 (per day) Transfer Fee for all other accounts

If the amount transferred from your funding account to your checking account is \$5.00 or less, the transfer fee will not be charged.

Additional rules and fees on the various Overdraft Protection options are noted in the applicable customer agreements covering deposit account, credit cards, and credit lines. Transfers from another deposit account may be subject to transaction limits and excessive withdrawal fees. Funds advanced from a credit line or credit card account will accrue interest at the interest rate provided in the agreement for that account. Credit lines and credit cards are subject to credit approval.

Visit your nearest branch, call 1-800-REGIONS, or log in to Online Banking to set up Overdraft Protection.

Taxes

You are responsible for taxes due on interest, bonuses, and the value of any gift or incentive you may receive. Depending on the type of payment, Regions may report as income on IRS Form 1099-INT or 1099-MISC.

For accounts opened in Iowa, certain account fees are subject to Iowa State Tax of 6%, which will be assessed at the time the fee is charged, unless exempt.

Time Deposits

- The minimum balance to open a Regular Time Deposit and/or Certificate is \$500 for terms of 90 days or more, \$2,500 for terms of 7-89 days; \$250 for IRA Time Deposits and/or Certificates.
- Early withdrawal may result in substantial penalty. Refer to the Time Deposits/Certificates of Deposit section of the Deposit Agreement, to your Time Deposit receipt, or to your Prematurity Notice for details, terms and conditions.
