Community Involvement

Regions supports community and educational programs and nonprofit organizations through grants and volunteer activities, many of which serve military personnel and veterans in our local markets. Over the past seven years, Regions has contributed to the Lakeshore Foundation's Injured Military Initiative, helping wounded combat military personnel return to active and independent lives through physical activity, recreation and sport. The Lakeshore Foundation is a nonprofit 501(c)(3) organization.

Servicemembers Civil Relief Act (SCRA)

Regions fully complies with the Servicemembers Civil Relief Act, a law passed by Congress to provide military members with protections and relief related to some civil obligations so that they can devote their full attention to their military duties. Please see our SCRA Web page at www.regions.com/personal_banking/servicemember_act.rf for more information.
