

International Banking

Regions offers you the financial resources you need to tap into the worldwide market.

Regions understands that you need a banking partner that backs your business whenever and wherever you need it. Regions International Banking offers:

Global trade specialists

Our international specialists understand the complexities of transacting business globally and can provide the financing and payment solutions you need to open new markets, improve cash flow and mitigate risk.

Personalized service and specialized support

While our International Banking team has a global reach, we haven't lost the personal touch with our clients. We understand your priorities and deadlines. Our dedicated International Operations team also provides specialized support to help you explore ways to capitalize on opportunities.

Financing alternatives

We help you take advantage of global business opportunities by structuring loans to facilitate payment and mitigate risk. You can even offer your foreign buyers attractive financing options that will help you manage and improve cash flow.

Streamlined transactions

From the convenience of your desktop, you can manage letters of credit, collections and foreign currency. Our easy-to-use and secure Internet-based systems put you in control of your international transactions.

Regions International Banking services offer your company varied solutions in the everchanging international marketplace.

BANKER'S ACCEPTANCES

Improve your company's cash flow by receiving immediate payment when products are delivered or received, allowing you to make the most of immediate opportunities.

LETTERS OF CREDIT

- Draw upon Regions' strength and demonstrate your creditworthiness to your global business partners
- Our team can create an import, export or standby letter of credit to meet your unique needs and enhance the financial strength of your business when negotiating contracts
- Our network of over 1,000 banks spans the globe to provide unparalleled access to financial excellence in every corner of the world

FOREIGN COLLECTIONS

Relieve your company of the administrative burden of collecting items drawn on foreign banks.

INTERNATIONAL TRANSFERS

Offer your clients the convenience of an electronic payment option.

FOREIGN EXCHANGE

Maximize opportunities and mitigate risk with the convenience and security of real-time access to foreign currency trading.

FORFAITING

Receive immediate liquidity by discounting your term-trade receivables, and improve cash flow in the process.

EXPORT FINANCING VIA EX-IM BANK

Obtain the working capital you need to expand your export-related inventory or finance your foreign accounts receivables with the support of Ex-Im programs
